Message from the Director

Mr. Saksham Gupta

We believe education is not confined to graduation—it is a lifelong journey of growth, evolution, and transformation. Our Higher Education Cell (HEC) embodies this philosophy by inspiring and empowering our students to pursue advanced studies at prestigious national and international universities.

The HEC ensures that students are not only motivated to set ambitious academic goals but are also thoroughly equipped to achieve them, be it through preparation for entrance examinations, guidance in selecting the right university, or navigating the complexities of the application process.

As we celebrate the achievements of our university toppers and gold medalists, this booklet stands as a proud testament to our consistent record of academic excellence. It also reaffirms our unwavering commitment to nurturing the next generation of scholars and researchers.

Message from the Principal

Dr. Aparna Datta

I am delighted to welcome you to this brochure—an embodiment of our unwavering commitment to higher education and the promising futures of our students.

Our Higher Education Cell (HEC) stands as a beacon of guidance, support, and opportunity. It is dedicated to fostering an environment where curiosity is nurtured, ambitions are encouraged, and students are empowered to pursue advanced studies at prestigious institutions across the globe.

Within these pages, you will find valuable resources, insights, and inspiring success stories that showcase the spirit of our academic community.

We take immense pride in celebrating our university toppers and gold medalists—an affirmation of our tradition of consistent academic excellence.

About BIBT

At BIBT, we are committed to shaping the future of science and innovation. As a premier institution in biotechnology, we offer cutting-edge education, state-of-the-art research facilities, and industry-focused training that equips our students to thrive in the rapidly evolving biotech landscape.

With top placements in the biotech sector, we've built a reputation for excellence through world-class infrastructure and a sustainable campus that fosters innovation. Our network of over 2,500 alumni is making a global impact, driving industry advancements and leading research institutions.

As the educational arm of Dr. B. Lal Clinical Laboratory, a renowned name in healthcare, we are deeply committed to empowering the next generation of scientists, researchers, and innovators. Our mission is to equip students with the knowledge and skills to create lasting solutions to global challenges, ensuring they lead the way in the future of biotechnology. With a focus on hands-on learning, interdisciplinary research, and strategic industry partnerships, BIBT is a catalyst for groundbreaking discoveries in healthcare, agriculture, and environmental science.
